## **Determining Your Size In 3 Easy Steps!**

*In order to ensure the measurements that you take are as accurate as possible, measure yourself wearing undergarments you plan to wear with the outfit.*

### **Step 1 – Take Your Body Measurements. Don't Guess. Be Accurate and Honest**

There are 3 Measurements that will determine your size: Bust, Waist, and Hip.

**Bust**– Take your measuring tape under your arms and bring the tape around to the fullest part of your chest.

**Waist** – Now you must wrap the tape measure around your **NATURAL** waistline. Please keep the tape comfortably loose to get an accurate measure. Keep the tape comfortably loose.

**Hip**– Measure your hips by circling the tape measure around the fullest part of your body between your waist and the top of your legs.

### **Step 2: Locate Your Size (Terramina chart below)**
